TWO CENTS.

STRIKE WILL SPREAD

Condition at Denver Grows

The entire poince force was called on force and additional deputies were put in charge of the chief of police.

A riot occurred at 18th and Chicago More Troublesome.

ARBITRATION FAILED

PROSPECT THAT MORE MEN WILL GO OUT.

Danger That Valuable Products Will Spoil in Railroad Yards-The Situation Elsewhere.

DENVER, May 15.-It is likely that many more unions will be called out on strike today owing to the rejection of the labor committee's proposition by the Citizens' Alliance yesterday. Already there is a total of more than 3,000 men on strike. Among those most likely to be called out today are the garment makers, brewery employes, bartenders, retail clerks, carriage and hack drivers, engineers and firemen, candy makers and ash haulers.

By the calling out of the engineers and firemen there is danger that \$300,000 worth of meat in the refrigerators at the stock yards will be spoiled.

There has been some disorder, but nothing of a serious nature. The police department has increased its force to handle the situation.

The situation between the contending factions is a deadlock this morning. President Craig announces that the Citizens' Alliance will not accede to the unions' demands, and President Coates is equally sure the labor committee will not arbitrate with the alliance.

Labor leaders object to further negotia-tions with the alliance on the ground that in its membership are included not only employers of labor, but many non-union wage workers, whom they regard as strike

Application for Injunction.

At 10 o'clock today counsel for the transthe federal court for an injunction against the Teamsters' National Union of America. the transfer drivers' local and van drivers' and helpers' local, and all members belong-ing to these organizations. The plaintiffs asked for an injunction restricting defend-ants from interfering with the business of the complainants as common carriers of freight between states of the United States, or from hindering or obstructing wagons vehicles engaged in carrying freight and articles of interstate commerce, etc.

Judge Hallet refused to grant the injunction without a hearing. The attorneys

had time to examine the bill of complaint and asked for further time. They promised in the meantime to do nothing in conflict with the terms of the injunction asked for. next Wednesday

Labor Situation in New York. NEW YORK, May 15.-Members of the

joint meeting today and discussed their those concerned in the subway work. These special incidents to the meeting.
Pickets of strikers in groups of five were

stationed on all the corners in the Italian They talked with strikers who seemed to be inclined to go back to work, but so far as the police on duty there could see their talk was of an expostulatory na-ture and no attempts at intimidation were made. The police had little work to do, and all of the strikers appeared to be in a complacent mind, despite the fact that many men had been found to take their

Extra Police Force at Omaha. OMAHA, Neb., May 15 .- A hundred deputies and twenty-five bicycle patrolmen were distributed throughout the residence portion of the city today to aid the regular police force maintain order.

No early calls were received by the police morning. From the police station it was stated that preparations were making for securing an additional force if such precau-

tions were found necessary.

One restaurant signed the waiters' scale and opened for business today. At a meeting of the waiters' union a resolution was adopted censuring yesterday's violence and declaring that any member of the union proved guilty of overt acts would be ex-

Decision Against Strikers. CHICAGO, May 15,-The Chicago board

of arbitration last night made its award in the trouble of the People's Gas Light and Coke Company and employes who charged the company with dismissing them because they were members of a labor union. The board held that the safety of the public is involved in the gas supply, and that it would be dangerous to have the gas plants in "the charge of a collection of men who are subject to the absolute orders of some leader who may not have the general good of the public at heart." The board found that the men dropped from the pay rolls of the company before

the strike was threatened had no just ground for complaint, but that those discharged during the controversy should be given their former positions. The board, given their former positions. The board, however, bars from reinstatement those who conducted themselves improperly dur-ing the strike and those who left the employ of the company without orders from

The company employs many union men in its different departments, and the board protected them by a decree that the company shall "not discriminate against mera-bers of any labor body."

Switchmen Strike.

EL PASO, Tex., May 15.-All the switchmen at El Paso and Southwestern railway yards are out on strike today because the night men were discharged for demanding extra help.

BRIDGEPORT, Conn., May 15.-The conductors and motormen employed by the Connecticut Railway and Lighting Company here went on strike today, tying up all the lines in the city. The company offered a slight increase in wages, but refused recognition of the union. About 225 men are out.

CHICAGO, May 15 .- Six thousand employes of the Decring Harvester Company, after a strike of three weeks, returned to work today, pursuant to the agreement made last night.

MELBOURNE Victoria, May 15-Premier Irvine announced in the legislative assembly today that he had received a letter from the officials of the Engine Drivers' Assoclation declaring the strike off and submitting unconditionally.

The president of the Engine Drivers' As-

der was due to the drastic nature of the strike bill, which was sure of adoption, and increased the number of men returning to ed an outfit for printing \$5 bills. The letter work. It was only fair, therefore, to place the others on the same level.

Violence at Omaha. P. J. Maddock, a driver for a delivery com- jailed.

pany, was found this afternoon under the 10th street viaduct in an unconscious condition. When restored he said that he had been knocked from his wagon. His home is in Pittsburg, and he was a strike breaker. The entire police force was called on for

a riot occurred at 18th and Chicago streets late in the afternoon, when a driver was pulled from his wagon and beaten.

The crowd had dispersed when the police arrived. Another driver, accompanied by a deputy, was taken from his wagon and the deputy did not attempt to protect him. In several instances drivers were stopped, their teams unhitched and the contents of wagons strewn on the street. It is reported also that several drivers abandoned their wagons without cause, leaving the teams hitched to telegraph poles or standing in the streets.

St. Paul Strike Averted.

A dispatch from St. Paul, Minn., yesterday says: All danger of a strike on the Great Northern railway system has passed and an amicable agreement between the company and its trainmen has been reached, the schedules being signed late this afternoon. Each side made concessions, although upon the face of the terms of the compromise, as stated by A. B. Gar-retson, assistant grand conductor of the Order of Railway Conductors, who, with Mr. Newman of the Brotherhood of Railway Trainmen, has conducted the negotia-tions, the men have somewhat the better of it. They are granted an increase in wages which averages 15 per cent; the yardmen get the Chicago scale, which is 3 cents an hour higher than the St. Paul scale; new men are to be given increased wages after one year's service instead of five, as pro-posed by the company, and upon the doubleheader question, which was the cause of the deadlock in the negotiations, the men modified their demands to a slight degree. East of Minot, according to the agreement, the road may run one-half of 1 per cent of the gross mileage as double headers. On the mountain divisions, west of Minot, 2.3 per cent of the gross mileage is allowed to be double header, but in computing the percentage of double headers, helper engines must be included.

ANTICIPATING HIS RETIREMENT. Reassigning to Duty Officers on Gen. Miles' Staff.

Anticipating the statutory retirement of Lieutenant General Miles on account of age in August next, the work of assigning the officers on his staff as aids-de-camp, etc., to other duties is now under way. The first order of the kind was issued today in fer and van owners of the city applied in the case of Lieut, Col. Marion P. Maus, 22d Infantry, who is ordered, when relieved from headquarters of the army, to report to the commanding general of the department of Missouri for assignment to a sta-

Another officer on the staff of General Miles has also been provided for. That is Lieut, Col. Samuel Reber of the signal corps, who has been acting as General Miles' military secretary for several months. He has been assigned to duty as a member of the newly organized general staff of the army, and it is possible that he may retain station in this city after his relief from duty at headquarters of the army. No orders have yet been issued in the case of the other aid-de-camp, Lieut. judge then granted a continuance to Col. H. H. Whitney of the Artillery Corps. \$900; 1 skilled laborer, \$840; 1 skilled laborer,

Departure of the Mayflower.

The President's naval yacht Mayflower Excavators and Rockmen's unions held a left the Washington navy yard this morning for Tompkinsville, N. Y., preparatory differences with the contractors, especially to taking part in the reunion of the descendants of those who came on the origistrikers decided to maintain their position nal Mayflower. Following this reunion and keep away from work. There were no the Mayflower will be put in dry dock in the New York navy yard to receive necessary repairs.

There have been four naval yachts lying at the navy yard, the dispatch boat Dolphin, the President's yacht, the Mayflower, the Oneida, formerly with the naval battalion, D. C. N. G., and the yacht Sylph. The latter vessel is undergoing repairs and the Oneida will also go into the repair dock in a few days. Both these yachts are out of commission. The four vessels are among the handsomest ships of their class in the naval register.

IMMENSE TASK BEGUN. Work of Excavating for the New Fil-

tration Plant. The work of excavation to prepare the and no disturbances were reported this ground for the filtration plant for the fitering beds on 1st street northwest, south of the Soldiers' Home grounds, is now being prosecuted by the contractors, but as yet no elaborate plan for the disposition of excavated earth has been put into operation. It is the intention of the contractors, Cowardin, Bradley, Clay & Co. of Richmond, to run tracks from the filtration site along

:Achigan avenue eastward and thence south on the line of the Baltimore and Ohio railroad to localities that will need filling to prepare for the elevation of tracks of the Baltimore and Ohio road. The contractors thus far have been engaged in preliminary work that has not re-

TALK ON PHILIPPINES.

Gen. Bell Has a Conference With Secretary Root.

Gen. J. Franklin Bell had quite a lengthy conference with Secretary Root today. Gen. Bell has recently returned from the Philippine Islands, where he has been since 1808. He has been assigned to command the military school at Fort Leavenworth, Kansas. The conference today related mainly to affairs in the Philippines, particularly the Batangas campaign which was under the direction of Gen. Bell and other campaigns in which he participated. Secretary Root and Gen. Bell had never met before, although there had been considerable correspondence between them of an official char-

The particular incident relating to sales of rice during the campaign in Batan-gas, and which has recently been the subject of comment on account of criticism in the report of Gen. Miles, was not mentioned during the conference today. In fact Sec retary Root considers the whole rice transaction a closed incident. He has been cog-nizant of all the facts for some time and regards the action of Gen. Bell as one of military necessity and that he would have been remiss in his duty had he acted otherwise. The Secretary also says that the action was not unprecedented, as has been charged, but was similar to the action taken in Porto Rico after that island was swept by cylone. The Secretary found when the rice matter was first investigated by the department that it had the approval of the officers in command and by the civil authorities in the Philippines.

Robb Indicted at Paris, Ill.

The secret service bureau has been informed that the grand jury at Paris, Ill., has indicted W. W. Robb for using the United States mails to defraud. Robb wrote to a printing concern saying he wantwas forwarded to the secret service, and a detective called upon him, representing himself as an agent of the printing house. Robb explained his purposes in the most detailed manner and made a contract for outfit. He was promptly an

A Hundred People to Be Thrown Out.

FORCE TO BE REDUCED

CENSUS BUREAU CLERKS TO BE DISMISSED.

In Accordance With Terms of the Appropriation Act-Mr. North to Take Charge in June.

One hundred census office clerks will lose their positions before the beginning of the next fiscal year, July 1. This action is made necessary by reason of the specific character of the appropriation for the support of the bureau for the next year. Mr. North, who will take charge of the office as director immediately after the return of President Roosevelt to Washington, stated today that the number of employer of the office was limited by the terms of the appropriation act, and that there was no other way than to comply with those

An Inevitable Loss.

"We are very sorry to lose any of our force." he remarked to a Star reporter 'but there seems no other way." Mr. North believes that the work of the bureau can be carried along unimpaired with the smaller force provided during the next year. The only additional work to be undertaken is the tabulation of the returns of the Philippine census, and under a paragraph in the general deficiency bill the balance of an emergency fund amount-ing to \$350,000 is made available for the employment temporarily of former census office clerks to assist in this work.
Director Merriam is expected to return

to Washington shortly and close up his connection with the office prepatory to finally stepping out upon the initiation of Mr. North as director in the early part of June. The work of selecting the clerks who will have to go will then be taken up. The force now numbers something over 700. The method which will be used in the selection of the permanent force has not yet been defined, but it is likely that the state of the work on which the clerks are em-ployed will govern largely in this matter.

Clerks Provided by Law.

Exactly the number of clerks provided for in each class may be seen by the terms of the appropriation, which is as follows For director, \$6,000; four chief statisticians, \$2,500 each; chief clerk, \$2,500; disbursing clerk, \$2,500; stenographer, \$1,500; four expert chiefs of division,, \$1,800 each; 6 clerks, class three; 10 clerks, class two 249 clerks, class one; 204 clerks, \$1,000 each; 90 copyists, \$900 each; 1 clerk, \$720; 4 skilled laborers, \$1,000 each; 1 skilled laborer. \$780; 1 skilled laborer, \$720; 10 watchmen, \$720 each; 6 messengers, \$840 each; 13 as sistant messengers. \$720 each; 15 unskilled laborers, \$720 each; 35 charwomen, \$240 ach; in all \$85,860.

There seems some doubt as to whether the emergency fund provided may not be used to increase this specific force. section making the appropriation seems capable of more than one construction. It

"The unexpended balance of the census appropriation, which by the proviso in the act approved June 28, 1902, entitled 'An act making appropriations for sundry civil ex-penses of the government for the fiscal year ending June 30, 1903, and for other purposes,' which was reappropriated and made available for continuing the work of taking the twelfth census, and for all expenses arising under and authorized by the act to provide for the permanent census office, aproved March 6, 1902, be, and the same is nereby, made available for the purposes indicated in said proviso during the fiscal much thereof as may be needed for the purpose, be, and the same is hereby, also made available for such expenditures as may become necessary in complying with the proclamation of the President, dated September 30, 1892, pursuant to the provisions of section 6 of the act of July 1. 1902, entitled 'An act temporarly to provide for the administration of the affairs of civil government in the Philippine Islands, and for other purposes,' including the cost of temporarily employing such number of persons as may be necessary for the tion not to exceed that which has heretofore been paid employes in the census office for doing similar work, such persons to be selected and employed by the director at such dates and for such periods of time as he may deem proper.

IN FLOURISHING CONDITION. Reports Received Regarding Hawaiian National Banks.

The controller of the currency has received reports to April 9 of the condition of the two national banks in Hawaii. One of these, the largest, is at Honolulu; the other is at Wailuku. The first one was established in August, 1900, while the other was established in October, 1901. The reports show that both banks are in flourish ing condition. They have a combined capital stock of \$525,000 and a surplus of \$55,500, showing that they have been making some money. They have individual deposits aggregating \$714,401, and deposits of United States money amounting to \$200,000, covered by United States bonds held by the treasurer of the United States. The legal reserve is 35.85 per cent. The total resources and liabilities are \$1,656,186. From the figures, the Hawaiian banks appear to sharing the prosperous conditions of the banks in this country.

RECRUITING SUSPENDED.

Owing to Contagious Diseases at Training Stations.

Recruiting in the navy has been suspended for the present owing to the prevalence of contagious diseases at the various training stations and aboard the receiving ships on the Atlantic and Pacific coasts. The department hopes the situation may be sufficiently relieved within the next ten days for the recruiting parties to continue their work. The enlisted force of the navy today is within 2,100 of the maximum allowed by law-31,000. Reports show that at most of the stations disease has been the result of overcrowding of men. For several days the department has endeavored to remedy this by quartering the men in tents, but the situation today was so unctory that the above order was tele graphed to all officers on recruiting duty.

All records for recruiting in the navy were broken by Lieut. Commander L. H. Everhardt, who secured 165 recruits at St. uls in six days.

The Paul Jones to Be Accepted.

The Acting Secretary of the Navy has directed the final acceptance of the torped hoat destroyer Paul Jones built by E. Druke, the District superintendent. Mr. ed and the Union from Works and new at the Mary Profile was fundant applied supplied with the Common and the Union of the Common and the Union of the Common and the Union of the Common of the Common

AS TO INDORSEMENT

SPECULATION AS TO THE OHIO CONVENTION'S ACTION.

Notwithstanding Statements Made if the President's Friends Offer a Resolution It Will Pass.

Ohio politicians in Washington have been very much interested in the question which has been raised whether the coming republican state convention in the buckeye state would indorse the renomination of President Roosevelt. The intimation has gone abroad that there might be a struggle in the convention on that point,

Senator Hanna's private secretary, Mr. Elmer Dover, was in Washington yesterday, and in conversation with some friends expressed the opinion that the convention would not inderse Mr. Roosevelt. He based his belief on the ground that such indorsement would be irregular. The indorsement by the New York state convention last summer was not an analogous case, he declared, because in that instance it was recognition of the state's "favorite

State Senator Patterson of Ohio, a close friend of Senator Hanna, who also passed through Washington yesterday, concurred in Mr. Dover's opinion, and went on to say that he believed the Ohio republicans favor-ed Senator Hanna or Senator Fairbanks as a presidential candidate

Resolution, if Offered, Will Pass. Notwithstanding the expressions of that character, the most conservative opinion in political circles is that if the resolution of indorsement is offered by Mr. Roosevelt's friends, it will be passed in that convention. There may be a question whether Mr. Roosevelt's supporters in Ohio will deem it advisable to press the point, but it is not credited that the tide of Roosevelt sentiment, which admittedly is at its crest in the middle west, can be checked at this time. The convention will be held the first week

in June, just when the President is return-ing from his western tour. If the effort is made to check a resolution of indorsement once offered, there is no doubt the conven-tion will be a lively affair. It may be well at this point to recall the experience of Senator Platt of New York last summer in a similar case. Senator Platt, prior to the Saratoga convention, expressed doubt as to the propriety of the convention committing the republican party of New York so far in advance of the campaign. But the Roosevelt republicans brushed aside the demorrer as if it had not been uttered. It is true that the "favor-ite son" idea may have had a bearing, but such was not the case in Illinois, where republican state convention in

REPORT INCONSISTENT.

dorsed Mr. Roosevelt.

Not Believed That President of Colombia Has Resigned.

Dr. Herran, the Colombian charge d'affaires here, has received a letter from Arturo de Brigard, the Colombian consul general at New York. in which he states that his brother, who has just arrived in New York from Bogota, says that the report of the resignation of President Marroquin is inconsistent with the situation as t existed when he left the Colombian capital. The consul general's brother does not believe that the president has resigned.

WHEELING'S FEDERAL BUILDING. Site at 12th and Chapline Streets Has

Been Selected. The Treasury Department has closed deal with the owner of the lot at 12th and Chapline streets. Wheeling, W. Va., for that lot as a site for the new federal building, having changed its plans as to the selection of what is known as the Fort Me-Henry Club site, at 14th and Chapline streets. There has been deep interest in the selection of a site for a new building, which is to cost about \$400,000. The Fort McHenry site was practically selected, but some of the owners of part of the property objected to selling, and condemnation was about to be resorted to. The belief was that the condemnation proceedings would \$125,000, which was more than it desired to pay. An agent of the supervising archi-tect's office was sent to Wheeling, and reported that the 12th and Chapline lot, which is 129 by 170 feet, was as satisfactory as the other. The price paid is \$92,500.

Copies of Washington Wills.

An interesting addition to Washington genealogy has recently been made by the placing in the Congressional Library, manuscrips division, of a copy of the will of John, son of the first John Washington who came to America, and the will of his youngest son, Henry. These two wills represent the grandfather and great-grandfather of Col. William Washington. The will of John dates back to 1697, and he names in his will his brother Lawrence, Gen. George Washington's grandfather, as one of his executors. Henry names Augustine, Gen. Washington's father. The original will can be found in the State Depart-

Disease at Training Stations. Contagious diseases at the League Island and Newport training stations are on the increase, according to telegraphic advices received at the Navy Department today. Meningitis at the former and diphtheria at the latter place is the trouble. However, the men are being rapidly placed in tents, and it is hoped that measure will relieve the situation. At New York and Norfolk conditions are improving.

Capt. McGill on Leave. Captain J. F. McGill of the marine corps has been granted leave of absence, and is visiting friends in the south Captain Mc-Gill has recently returned from a long tour of duty in the east. He was through the China campaign with the marine de-

tachment, and was afterward assigned to shore duty at Manila and as Guam. The latter place he says is a delightful place to live in, though the popular impression is that it is a sort of island prison.

Captain McGill was appointed in the corps from this city; where he has many friends, who have been pleased to note his rapid rise in his profession.

Personal Mention. Mr. Edward A. Gay of New York and Mr. Charles Nagel of St. Louis are at the Arlington.

Mr. Philip W. Southgate of Worcester, Mass, and Mr. H. W. Walker of New York are at the Shoreham.
Mr. G. W. Batchelder of Roston and Mr. W. S. Allen of Buffalo are at the New Wil-

ANOTHER IS MISSING

OTHERS DANGEROUSLY, PERHAPS FATALLY, INJURED.

Westchester Apartment on Cottage Grove Avenue the Scene of the Conflagration.

CHICAGO, May 15.-Two lives were lost n a fire that destroyed the Westchester apartment building at 5017 Cottage Grove avenue early today. One man is missing and is supposed to have perished in the flames, while two persons were probably fatally and others seriously injured by jumping from the windows.

The dead: Louisa Phaesa, ten years old; Harry Strubley, fifty years old. Missing: Samuel Hall, forty-five years old. The injured: Theodore Whittle, arm broken; Patrick Bolger, hands cut; Nelson Lundberg, badly burned about head: Mrs. G. D. Hoffman, back broken and internally in jured; Louis Herbert, back broken.

Girl's Body Found. The dead girl was found in the hall or the second floor of the building, where apparently she had been overcome by smoke while groping her way to the stairs. The body of Strubley was recovered from the basement, where he was accustomed to sleep. It is thought he was rendered insensible by smoke, and drowned by the deluge of water from the engines. The fire started beneath a grocery store which oc-cupied the ground floor of the building, and spread rapidly through the air shafts until the entire building was ablaze. Twenty-seven families lived in the apartments on the three upper floors, and many person

narrowly escaped injury in the panic which The property loss on building and contents is about \$50,000.

J. T. Hoffman, husband of the injured woman, saved his two children by throwing them from the second story upon a mat tress. His wife, however, fainted and fell to the ground. It is thought she will die. Samuel Hall occupied a room in the base-ment with Strubley. His body was not re-covered, but he is thought to have met the same fate as Strubley, and the ruins are being searched for his remains. Ambulances were hurried to the aid of the injured, while neighbors provided clothing in abundance for the unfortunates, many of whom were unable to save any portion of their effects from the flames.

CONDEMNED MAN'S SUICIDE.

Wm. McCarty Took Morphine and Avoided Being Hanged.

LEXINGTON, Ky., May 15.-Wm. Mc-Carty, wife murderer, who was to be hanged at 8 o'clock this morning, took morphine some time during the night and died at 8:15 o'clock. The death watch, McKeever, sat within three feet of McCarty all night, but says he is absolutely at a loss to know how or when he took the drug. At 1 o'clock Mc-Carty became restless and turned over n his cot. Jailer Robert Wallace was in the cell at the time. He accused McCarty of doing something he ought not to do. McCarty called for whisky, but Wallace brought him coffee instead. He drank the coffee and went into violent convulsions

RUSSIA INCREASES TOLLS. Significant Action Since the Occupa-

tion of Manchuria.

SHANGHAI, May 15 .- A British official here has received from the imperial Chinese telegraphs a memorandum, which, verbatim, is as follows: "In regard to charges to New-Chwans

at old time is thirty-eight cents per word, but since Russia has occupied Manchuria charges being increased to dollar ten cents, as they treat Manchuria same as Russia This official intimation is considered here to be significant.

SEDITIOUS PLAY STOPPED. Americans Resent Insult to Flag in

Manila Theater. MANILA, May 15.-A party of Americans stormed the stage of the Libertad Theater last night and stopped a seditious play. The piece, which is historical, has a climax in which the heroine throws the American flag to the ground and raises the standard of the Katipunan secret society. When this scene was reached a score of Americans sprang on the stage, routed the actors and smashed the furniture. The audience fled. Col. Tolentino, a former insurgent, who

wrote the play, will probably be prosecuted.

MOON CONTROLS RAIN. Australia Astronomer Tells How to Avert Drought.

CHICAGO, May 15 .- A dispatch to the Inter Ocean from Vancouver, B. C., says: The following mail advices have been received from Australia by the steamer Aorangi, which brought over the largest number of passengers on record. In speaking of the terrible drought still

prevailing in Australia, H. C. Russell, the government astronomer of Australia. claims to have made the discovery after long and careful search among astronomical records that the moon regulates the rain. Astronomers of the different Australian colonies have indorsed Mr. Russell's theory. Mr. Russell says:

"I speak positively when I say I have found the moon controls the rain. My researches extend for thirty-six years. Briefly, when the moon is moving south there is plenty of rain, when it is moving north there are years of drought, so there are alternate wet and dry periods, the wet lasting nine years and the dry ten. So that long beforehand preparations can be made for the coming drought. Astronomers the world over are invited

A severe quake has been felt in Warren ool. It was the severest on record. School children became panic stricken and horses and cattle ran amuck. Many roofs were shaken off the houses. A tidal wave suceeded the earthquake.

TO STOP WOMAN'S TALK. Omaha Judge Issues Restraining Order Against Mrs. Berge.

CHICAGO, May 15 .- A dispatch to the Cribune from Omaha, Neb., says: Judge Baxter in the district court has issued a estraining order enjoining a woman from

defendant was Mrs. E. Berge, a tenant, who refused to vacate until her lease expires. The allegations are that the defendant has upon numerous occasions by talking to the other occupants caused some of them to announce their intention of leaving the apartments; that she has interfered

Two Persons Were Burned to

Death.

the apartments; that she has interfered with the property in different ways, all to the injury of the plaintiff.

The defendant is forbidden to enter the apartments of the other occupants, and from talking to any of the tenants about the plaintiff in any manner.

DATES SET FOR HEARINGS. Alleged Violations of the Interstate

Commerce Law. The following dates and places for hear ings in important cases of violations of the interstate commerce law have been as-

St. Louis, June 11-Central Yellow Pine Association against numerous railroads, involving payment of alleged rebates by tapline divisions of freight.

BONES OF PREHISTORIC MAN. Unearthed at Depth of Fifty Feet in

South Dakota. CHICAGO, May 15 .- A dispatch to the Chronicle from Bonesteel, S. D., says: Laborers digging an artesian well here have unearthed a human skeleton fifty feet beneath the surface. The skeleton was in an excellent state of preservation, and is believed by scientists to be of a prehistoric

The Bad Lands of South Dakota, in which Bonesteel is situated, have been prolific in fossils.

MINERS FIGHT THE POLICE. Attempt to Prevent Arrest of One of Their Comrades. .

TRINIDAD, Col., May 15 .- An Italian coal miner, giving his name as Augustin Garibaldi, last night shot and killed another miner in their cabin at Majestic. He then fled, but was captured by a sheriff's posse. While returning to Majestic with their prsoner the posse was met by a mob of miners, who tried to take Garibaldi away from the officers. A running fight ensued, and three of the officers, securing a team, drove to this city with the prisoner. It is not known whether any of the mob was injured or not. A telephone message

jail is heavily guarded.

from Majestic says a mob is forming to come to Trinidad to lynch Garibaldi. The

NEWPORT, R. I., May 15 .- The Reliance sailed seaward today starting out from her moorings in a light southwest breeze. She carried her big mainsail, two head sails and a small club topsail. It is expected that she will put in to New London this afternoon and leave for City Island tomorrow.

The Wisconsin Sails for the Orient.

In obedience to instructions from the Navy Department, the battleship Wisconsin sailed from Bremerton, Washington, yesterday for the Asiatic station, where she will replace the battleship Kentucky as flagship of the commander-in-chief of the station. The Wisconsin will go to Honolulu and then proceed to Yekohama. The Kentucky is coming home for an over-

Henrik Ibsen Ill. COPENHAGEN, May 15.-Henrik Ibsen, the Norwegian dramatist, is again seriously ill. His friends are very auxious regarding the outcome of his illness.

The Buffalo at Algiers.

The wise business man places his inducements to customers in the widely circulated newspaper, like The Evening Star, because he knows it pays him to make pubic announcements rather than to waste his time in attempting to do business by the circulation of pamphlets, booklets and the like through the mail.

SECOND DAY'S PLAY

Golf for Governor's and President's Cups.

MORNING'S MATCHES

TROPHY FOR THOSE WHO WERE DEFEATED.

Handsome Prize Put Up by the Columbia Club-The Carnegie-Harban Tie.

The participants in the Columbia Golf Club tourney were prompt in getting to the course this morning and play for the governors' and president's cups started at 10 o'clock, schedule time. Messrs. Thomas and Lanston were the first to tee off in the president's cup class, while Messrs. Dixon and Baldwin, the "two Quakers," were the leaders in play for the governors'

trophy. The weather continued fine, a slight breeze offsetting the warmth of the sun, and enabled the properly costumed players to enjoy the sport to its full extent. The same conditions of the ground prevailed this morning as yesterday, the players' chief complaint being on the speed of the greens and the course in general. Driven balls that should have rolled a yard or two after hitting the ground were good for a forty-yard roll. The same applies to the approach shots, a majority of the balls going over the greens as the ivory balls

do on a billiard table. The regulation pairing rules played havoc with the morning's sport, as a majority of the winners could be picked before the first drive was made. This condition existed only in the governors' cup class, the group playing for the president's cup being fairly well mated for interesting play.

Discussing Yesterday's Tie.

The big club house porch held an enthusiastic group of golfers this morning, prior to play, and "Billy" Carnegie, as his host of friends call him, was loudly praised for his playing in the qualification round yesterday.

The course was entirely strange to him and the many formidable hazards that have sent hundreds of golfers to the bow-wows, had no terrors for the Allegheny man. It appeared as though Dr. Lee Harban needed the good playing of Mr. Carnegie in the morning to inspire him in his play, and as Harban would like to play the match at a time not known to their friends, as both are anxious to win the contest, and don't want to be bothered with a large gallery following in their wake.

The Carnegie-Gray Match. About the best match of the morning, according to expert prognostications, was that between Messrs. Carnegie and Gray. It was the general belief that the St. An-

drew's player would not be able to continue his sensational work of yesterday, while Dr. Gray belongs to the steady class that can generally be depended upon to take full advantage of an opponent's smallest let-down in play.

At the start of the match both made good drives, but Mr. Carnegie's approach was closer to the hole and he went out in 4, while Dr. Gray took 5. On the second hole

the drives were again good, and also the approaches, but Mr. Carnegie missed a short putt, and the hole went to the doctor's credit on the figures 4 and 5. On the next hole Dr. Grey sliced somewhat in driving, but his recovery from the high grass was a beauty, the ball rolling on to the green. Mr. Carnegie's drive was cor-rect, but his approach went over to the edge This green is a series of of the green. This green is a series of little hills and a terror to a nervous man, but both the contestants nursed their putts well and halved the hole in 5, one over bogey. The doctor held on well for eight or nine holes, but Mr. Carnegie's speed was

almost as fast as yesterday and he won Following are the scores in this morning's play:

For Governor's Cup. C. G. Dixon beat R. J. Baldwin, 5 up and 3. E. P. Brooke beat W. V. Bennett, 5 up

and 4. Dr. L. L. Harban beat E. D. Carusi, 5 up and 4. L. W. Weaver beat E. V. Sumner, 2 up. O. McCammon beat G. C. Lafferty, 6 up

J. C. Davidson beat B. A. Leavell, 6 up S. O. Horstmann beat W. E. Conklyn, 1 up. For President's Cup.

C. Carnegie beat Dr. Gray, 3 up and 2.

A. E. Lord beat V. Kauffmann, 5 up and 3. Talbert Lanston beat Dr. Thomas, 2 up. H. M. Hall beat Dr. Harding, 4 up and 3. Dr. W. S. Harban beat R. N. Jackson, up and 5.

S. C. Hopper beat F. E. Sullivan, 6 up A. S. Mattingly beat Edwin Sefton by de-Dr. W. T. Harban beat J. T. Hough, 1 up, E. S. Duvall beat G. A. Weaver, 6 up

The Sweepstakes. In the sweepstakes Dr. Sterrett won by default. George S. Derrick won by default. W. W. Deland beat S. T. Cameron, 1 up.

Frank Govern beat G. Warfield Simpson, 5 up and 4. The Afternoon Play.

After luncheon the players started out for the second round of match play, being paired off as follows: For the Governor's cup-Carnegie agt. McCammon, Weaver agt. Dixon, Dr. L. L.

Harban agt. Brooke, Davidson agt. Horst-For the President's cup-Mattingly agt. Lanston, Hall agt. Dr. W. S. Harban, Hopper agt. Duvall, Dr. W. T. Harban agt, Lard. In the consolation play this afternoon for the eight defeated in the first round of the

governor's cup the players have been paired off as follows: Dr. Gray vs. Lafferty, Carusi vs. Bennett. Sumner vs. Baldwin. Leavell vs. Conklyn. Handsome Cup Donated.

Two members of the Columbia Club have

donated a handsome cup to be played for

by those who were defeated in the initial round for the governor's cup this morning. Editor Chesterman Critically III.
